### Honeywell Prestige IAQ System

**Fantastic**

**\$620**

This has an HD, full color display and has interview based programming. This thermostat gives you all-in-one control over other air products and allows you to view outdoor temperature and humidity.

### Venstar 5200 WiFi Thermostat

**Best**

**\$500**

A high resolution digital thermostat with a full color touch screen display. With runtime graphs to help you evaluate energy conversation options. Offers "Simple as You Want" operation.

### Honeywell VisionPRO 8000 Thermostat

**Better**

**\$395**

Offers seven day programming with a touch screen, effortless, menu-driven programming, a real-time clock, a large easy-to-read backlit display, and precise comfort control.

### Honeywell PRO 4000 Thermostat

**Good**

**\$185**

Offers the simplicity of a manual thermostat with the benefits of energy savings. Has all of the basic features you want, including an easy-to-read backlit display and simple programming functions.

Providing you options to enhance your energy savings, comfort, health and safety in your home.

## Trane CleanEffects

**\$940**

Enjoy cleaner air with CleanEffects high efficiency, whole house air filtration system. Removes more than 99% of airborne allergens, dust and viruses.

## ActivTek Air Cleaner

**\$940**

The ActivTek Air Scrubber uses ActivePure® technology to reduce odors, visible smoke in the air, and treat contamination on surfaces.

## Media Air Filter

**\$165**

Offers highly rated filtration in a range of sizes to fit many air cleaners. Easy installation with no assembly.

## Surge Protector

**\$210**

Helps protect some of the most expensive operating equipment in your home. Also comes with a limited lifetime warranty against manufacturing defects.

## Duct Smoke Detector

**\$380**

These units are designed to prevent the recirculation and spread of dangerous smoke by shutting down air handling systems, fans and blowers when smoke is detected.

## Energy Recovery Ventilator

**\*need pricing\***

Today's homes are tighter than before letting less air in through infiltration. Keep the air you and your family breathe in your house clean and fresh while you preserve the warm or cool air inside.

## Condensate Safety Switch

**\$144**

This device has an internal float which, when activated by abnormally high water levels, will automatically shut-off your system to avoid flooding your home. This is a must-have for all attic mounted or interior vertical air handlers!

## CO & Smoke Detector

**\$135**

This battery operated combination alarm alerts you to smoke and carbon monoxide (CO) which is an invisible, odorless, tasteless, nonirritating, poisonous gas that is completely undetectable to your senses.

## Honeywell TrueSTEAM Humidifier

**\$900**

A healthy way to add moisture to your home. This GREEN humidifier uses less water than any other humidifier on the market while adding just the right amount of moisture to your home.
